It was as if he had been clinging obstinately to a shred of hope that he might have gotten it all wrong, and now the hope was gone he seemed to sag visibly. Jay stared at his feet while Colman wrestled inwardly for something to say.."We've got a section already suited up," Colman said. "Are those cars running?" "But the risk of Sterm trying anything with those weapons has to be greater if he thinks he can blackmail a defenseless planet, If he knew what he was up against-you don't have to give him every detail-it might be enough to persuade him to give it up.
