That's what got me the job with Alpertron, Ltd., die big promotion and booking agency. I'm on the concert tour and work their stim board, me and my console over there on the side of the stage. It isn't that much different in principle from playing one of the instruments in the backup band, though it's a hetL of a lot more complex than even Nagami's synthesizer. It all sounds simple enough: my console is the critical link between performer and audience. Just one glorified feedback transceiver: pick up the empathic load from Jain, pipe it into the audience, they react and add their own load, and I feed it all back to the star. And then around again as I use the sixty stim tracks, each with separate controls to balance and augment and intensify. It can get pretty hairy, which is why not just anyone can do the job. It helps that I seem to have a natural resistance to the sideband stopover radiation from the empathic transmissions. "Ever think of teaching?" said the school voc counselor. "No," I said. "I want the action." "Exactly." She squinted across the vast tasteful expanse of Party-land, then stood up and waved. "I think I've recognized someone," she said excitedly, preening her paper feathers with her free hand. Far away, someone waved back.. "Thanks." Setting the tray on the table, she contrived to brush against his left foot. "I see you're wearing the same shoes." "Don't rub it in." .again, he sees the sails flapping, then bellying out full. leaving her only a lanky girl in an anachronistic dress. She pulled at a copper lock dangling down over her temple. "There's no need. The courts won't recognize us as separate people. What one does is legally binding on the other." I stood up. "I'll do that. Thank you very much." I looked at the plate-glass doors. I guess it would be the continental divide all the way from Billings down to the southern suburb of El Paso. "Enough to get by." She washed the wound with water. The cut was long but it was not deep. Some scratch got in the woods. Nolan thought of the hatred in Nina's eyes, and he shuddered. "Then what did she do with him?" The adults were standing separately around the space while tiny helicopters flew around them, wrapping them from head to toe in strips of webbing like human maypoles. He neared us. If we hadn't, he'd have bowled us over. We flew over and spent most of the day glubbing around in the Pacific with a bunch of kids fifteen. Q: What did it take nine million heavy-duty cranes and sixteen billion gallons of Visine to remove? What to do to stop her. If she were a cancer, I could cut her out.
