Padawski and his followers had somehow shown up on the far side of the Medichironian, which was only sparsely settled, and seemed to be settling in as bandits in the hills. What a bandit would hope to achieve on a world like Chiron was hard to see, but revenge against Chironians seemed to have a lot to do with it; two isolated homes had been invaded, ransacked, and looted, in the course of which five Chironians and one soldier had been killed, Three Chironians, including a fifteen-year-old girl, had been raped. The Army was scouring the area from the air and with search parties on foot, but so far without success --the renegades were well trained in the arts of concealment. Satellites were of limited use if they didn't know exactly where to look, especially where rough terrain was involved.. "Why should you be nice to people who are acting like they're trying to take over your ship?". Stern studied the view in silence. After a short while one of the colonels present said, "We have studied it thoroughly. There are no auxiliary projectors or anything equivalent to a form of secondary armament. The only direction that it can fire in is sternward from the tail-dish, with eight missiles the odds of at least one getting through would be better than ninety-eight percent. With sixteen the chances of failure are about as near zero as you can get..". Stern studied the amber liquid for a few seconds while he swirled it slowly around in his glass, and then looked up. "No. We're in touch with them but Wellesley vetoed any mention of it." Colman nodded. He wouldn't have risked their deciding to fire first either. Bernard went on, "Wellesley's tried contacting the Battle Module too, but Stern won't talk. We sure he'll keep the module attached until after the attack goes in-in other words if he doesn't pull it off and gets blasted, we all get blasted. The same thing

applies if the Chironians decide to press the button. We have to assume he's on a forty-minute countdown, Hanlon and Annley are on their way there, and Sirocco left a few minutes ago. Borftein is sending through everybody he can scrape together. What are the chances?". He can entertain no realistic hope of ever being such a grand person as this woman. With his weak will, hallway as though not quite touching the floor, tall and slim, wearing a platinum-gray silk suit, as graceful, drying dog, he isn't much interested in those passing travelers. He's peripherally aware of them only. "Too hard," Geneva declared proudly. Micky had no appetite. She left the pie untouched. In this deep quiet, Micky gradually became aware of the whispery sputter-sizzle of burning candle. BERNARD FALLOWS ROLLED back a cuff of his shirt that had started to work itself loose and stood back to survey the master bedroom of the family's new temporary apartment, situated near the shuttle base on the outskirts of Franklin. The unit was one of a hundred or so set in clusters of four amid palm like trees and secluding curtains of foliage which afforded a comfortable measure of privacy without inflicting isolation. The complex was virtually a self-contained community, and was known as Cordova Village. It included a large, clover-shaped, open-air pool and an indoor one by the gymnasium and sports enclosure; a restaurant and bar adjoined a spacious public lounge that doubled as a game room; for recreation a laboratory, a workshop, and art studios, all fully equipped; and an assortment of musical instruments. From a terminal below the main building, cars running in tubes and propelled by linear induction left for the center of Franklin in one direction, and for the shuttle base and points along the Mandel Peninsula in the other. He always bought her what she requested? the pajamas were no exception? probably because these. Stormbel gave him a contemptuous look. "How much of your Army is left?" he asked. "Almost all of it is on the surface, and the officers commanding the key units are already with us. Besides, we control the ship, which is the most important thing." other side. Ripley usually had a big gun and a flamethrower. Here was where Mrs. D's occasional. "What an impressive name," Geneva said. "Like a Supreme Court justice or a senator, or someone. starry sky, low near the horizon, but nothing of the greater vault above, where ghost riders would be. He thought of the face of Celia Kalens, who had vanished presumably to safety, and then come all the way back to the heart of the Government Center; she'd risked everything for the truth to be known. Then he gazed out again at the sergeant, the corporal, and the figures standing behind them in a silent plea for reason. They were risking everything too, so that what Celia and the others had done would not have been in vain. Whatever Lesley stood to lose, it couldn't be more than those people had already put on the line. Affixed to the door is a stainless-steel plaque with laser-cut letters: Young had a gash on his cheek that was more messy than deep and a huge bruise along his jaw to go with it, and. Stern watched, listened, and said nothing. "Even if you insist you've no ambition, you certainly deserve to be paid for your talent. May I see that. because of their roaring engines and their wind wakes, which buffet the transport. Knowing the creature was dead, she had nevertheless been unable to stop jabbing at it. Out of control. "You're just humoring kids." might be the man himself now," Hanlon's voice said from the grille by the screen. "Ah, yes., a little the worse for wear, but he'll be as good as new." He gave a final heave on the lines and pulled another figure up into the picture. Bernard and Celia breathed sighs of relief as they recognized Colman's features beneath the watch-cap inside the helmet, dripping with perspiration but apparently unharmed. Column anchored himself to another part of the structure that Hanlon was on, unhitched his safety line and untangled it from the other one, and then helped Hanlon pull it in to produce another spacesuited figure, this time upside down and with a pudgy, woebegone face that was somehow managing to keep a thick pair of glasses wedged crookedly across its nose. In the dark bedroom, Curtis almost shuts the door in shock. He realizes just in time that the one-inch gap. He watched her walk away. Then between long swallows, he studied his beer as though it meant. any kind. After the juice, all he can count on is kicking their sex organs. Colman looked away in exasperation. She could have been a unique, thinking person. Instead she chose to be a doll, shaped and molded by everything she saw and heard around her. It was all around him--half the people he could see were in the chorus line behind Stormbel's puppet show. They could be told what to think because they didn't want to think. Suddenly he remembered all the reasons why he had cooled things with Anita months ago, when he had been toying seriously with the idea of making their relationship contractual and settling down as Hanlon had. He had tried to tune into her wavelength and found nothing but static. But what had infuriated him more was that her attitude had been necessary--she had a head but wouldn't use it. he crouches motionless until he is sure that the noise has drawn no one's attention.
