perfect for your own entire life and you. Now Barty peered at the card, smacked his lips, smiled, and said, "Ga." With a flatulent squawk of the butt trumpet, he soiled his diaper. Mrs. Lombardi had no visitors. She was alone in the world, her two children and her husband having passed away long ago. As outgoing as his twin uncles were introverted, Barty didn't withdraw from the festivities. Agnes never needed to remind him that family and guests took precedence over even the most fascinating characters in fiction, and the boy's delight in the company of others pleased his mother and made her proud. Focus. Get Ichabod all the way inside. Act now, think later. No, no, proper focus requires an understanding of the need to size, scrutinize, analyze, and prioritize. Get the bitch, get the bitch! Slow deep breaths. Channel the beautiful rage. A fully evolved man is self-controlled and calm. Move, move, move! Junior leaned forward and slid the packet of cash across the desk, toward the detective. "There's more where this came from." Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. The paramedic snatched the oxygen feed from his patient's nose and quickly elevated his head, providing a purple towel to catch the thin ejecta. In spite of its dazzle and power and comfort, however, the car was not able to lift his spirits as he cruised the hills of the city. Somewhere along these darkly glistening streets, in these houses and high-rises clinging to steep slopes awaiting seismic sundering, the boy was sheltered: half Negro, half white, full doom to Junior Cain. For forty-eight hours, he pumped himself full of prescription antihistamines, immersed himself in bathtubs brimming with numbingly cold water, and lathered himself with soothing lotions. In misery, gripped by self-pity, he dared not think about the 9-mm pistol that he had stolen from Frieda Bliss. Barty approached stair climbing as a mathematical problem, calculating the precise movement of each leg and placement of each foot necessary to successfully negotiate the obstacle. He proceeded less slowly on the next three steps than he had on the first three, and thereafter he ascended with growing confidence, pumping his legs with machinelike precision. By the time Agnes opened the driver's door and slumped behind the steering wheel, Barty levered himself onto the seat beside her. Grunting, he pulled his door shut with both hands as she jammed the key in the ignition and started the engine. "Tame him or bury him," said Losen, and turned to more important matters. On January 1, 1966, five days before Barty's first birthday, Agnes discovered him, in his playpen, engaged in unusual toe play. He wasn't simply, randomly tickling or tugging on his toes. Between thumb and forefinger, he firmly pinched the little piggy on his left foot, and then one by one pinched his way to the biggest toe. His attention shifted to his right foot, on which he first pinched the big toe before systematically working down to the smallest. Finally wimping out completely, Parkhurst left the room. The heavy door sighed softly shut, silencing the squeak of rubber-soled shoes, the swish of starched uniforms, and other noises made by the busy nurses in the corridor. Still pretending sleep, Junior delighted in the realization that the detective himself had dragged a red herring across the trail and was now busily following this distracting scent. EARLY CHRISTMAS EVE, gallery brochure in hand, Junior returned to his apartment, puzzling over mysteries that had nothing to do with guiding stars and virgin births. The sound made by the dropping corpse indicated that cushioning trash lined the bottom of the bin, and also that it was no more than half full. This improved chances that Neddy wouldn't be discovered until a dump truck tumbled him into a landfill-and even then perhaps no eyes would alight upon him again except those of hungry rats. Sapphires and emeralds, dazzling gems set in clearest white, ebony pupils at the center. Beautiful mysteries, these eyes, but no different now than they had ever been, as far as she could tell. Even Agnes was briefly unnerved to the extent that she said, "Enough of this. It's not fun anymore." For the first time since walking to La Jolla to meet Jonas Salk, Paul planned a journey with a specific purpose. Sitting forward in his armchair, Obadiah lowered his hands to his knees, and in thoughtful silence, he stared at them. open grave. In his hand: the white rose, its thorns slick with his blood. He dropped the bloom, and it fell out of sight, into the gaping earth, atop Naomi's casket. you greater strength and determination than any other motive. But you should know this much.... You need to keep her safe for another reason. She's special. I don't want to explain why she's special or how I know that she is, because this isn't the time or place, not with your dad's death and Wally in the hospital and you still shaky from the attack. a time, from the carafe on the nightstand. She spooned the ice into Junior's mouth not with the businesslike. From the public hallway on the ground level, stairs led to the upper three floors. He would be able to hear anyone descending long before they arrived. scraps of night that have lingered long after dawn dart agitatedly in and out of the tree, from branch to branch. Neither Agnes nor Edom knew of Jacob's great skill with cards. He had been discreet about his apprenticeship with Obadiah, and for almost twenty years, he'd resisted the urge to dazzle his siblings with his expertise. He squirmed deep under the covers, clamped a plump pillow over his head to muffle the singing, and chanted, "Find the father, kill the son," until at last he fell exhausted into sleep. Stepping forward lightly, lightly, as he swung the candlestick, Junior saw the dinner guest stiffen, perhaps sensing danger or at least movement, but it was too late. The guy didn't even have time to turn his head or duck. Music played within. An up-tempo number. Possibly swing. He couldn't quite identify the tune.
