"Did you hear him?" he said softly. "Did you hear him die?" But he was alone in the castle hall. Jack and Lea had already left. Amos ran to the mirror just in time to see them walking away across the green and yellow meadows to the golden castle. Lea leaned her head on Jack's shoulder, and the prince turned to kiss her raven hair, and Amos thought: "Now there are two people living through the happiest moment of their lives." Mary Lang sighed, slapped her thighs, and stood up. Like all the others, she was nude and seemed totally at home with it None of them had worn anything but a Martian pressure suit for eight years. She ran her hand lovingly over the gossamer wall, the wall that had provided her and her fellow colonists and their children protection from the cold and the thin air for so long. I could see her feet and, by rolling onto my back, look up at her rising above me toward the beams of the room, but I could not move. My head seemed nailed to the floor. The knife gleamed in her hand. "Selene," I called. "I can't reach her. Help me." Colman frowned to himself as his mind raced over the data's significance. No sane attacking force would contemplate taking an objective like that by a direct frontal assault in the center--the lowermost stretch of the trail was too well covered by overlooking slopes, and there would be no way back if the attack bogged down. That was what the enemy commander would have thought anyone would have thought. So what would be the point of tying up lots of men to defend a point that would never be attacked? According to the book, the correct way to attack the bunker would be along the stream from above or by crossing the stream below and coming down from the spur on the far side. So the other side was concentrating at points above both of the obvious assault routes and setting themselves up to ambush whichever attack should materialize.
