Arthur dreams eternally in Avalon. Bilbo can go "there and back again," and "there" is always the beloved familiar Shire. Don Quixote sets out forever to kill a windmill... So people turn to the realms of fantasy for stability, ancient truths, immutable simplicities..and half rotten. She tore it. With the small scissors, she opened the shoulder seam from the inside..Those words, in a vertiginous spiral, spooled through the memory tapes in Junior's mind, as clear and powerfully affecting-and every bit as alarming-as the memory flash of the ordeal in the Dumpster. He couldn't recall where he'd heard them, who had spoken them, but revelation trembled tantalizingly along the rim of his mind..He used the kitchen phone, at the comer secretary. The blood had been cleaned up long ago, of course, and the minor damage from the ricocheting bullet had been repaired..Agnes's faith told her that the world was infinitely complex and full of mystery, and in a peculiar way, Barty's talk of infinite possibilities supported her belief and gave her the comfort to sleep. Monday morning, New Year's Day, Agnes carried two suitcases out of the back door, set them on the porch, and blinked in surprise at the sight of Edom's yellow-and-white Ford Country Squire parked in the driveway, in front of the garage. He and Jacob were loading their suitcases into the car..Celestina stared curiously at Tom Vanadium. She had

witnessed the effect of vanishment, though she hadn't actually seen the coin disappear in midair. Yet she seemed to sense either that something more than sleight of hand had just transpired or that the trick had a meaning she'd missed. Besides, he wasn't on the Greenbaum Gallery customer list and didn't have an invitation. After the service, among those who came to Agnes at graveside, trying to express the inexpressible, was Paul Damascus, the owner of Damascus Pharmacy on Ocean Avenue. Of Mideastern extraction, he had dark olive skin and, incredibly, rust--red hair. With his rust-red eyebrows, lashes, and mustache, his handsome face looked like that of a bronze statue with a curious patina. After the amusement park, no hospital for the Pie Lady. With Wally near, she had a doctor all her own, capable of giving her the anticancer drugs and transfusions that she required. While radiation therapy is prescribed for acute lymphoblastic leukemia, it is much less useful to treat myeloblastic cases, and in this instance, it wasn't deemed helpful, which made treatment at home even easier. "In addition to that policy," said Vinnie, "there's another. . . --he filled his lungs, hesitated, then exhaled the air and the sum with a tremor---seven hundred fifty thousand. Three-quarters of a million dollars." Edom had turned away from the box of groceries that he was packing. Frowning at the pies, he said, "You don't think. . . Toward the front of the house, along a hallway suddenly as dark as a tunnel, toward a vague light in the seething gloom. And here a window at the end of the hall. The magazine covers were colorful, lurid, full of violence and eeriness and the coy sexual suggestiveness of a more innocent time. Most days, he read a story while eating the two pieces of fruit that were his lunch, but sometimes he lost himself in a particularly vivid illustration, daydreaming about far places and great adventures. During the past three years, he'd suffered much because of these sisters, including most recently the humiliation in the Dumpster with the dead musician, Celestina's pencil-necked friend with a propensity for postmortem licking. The memory of that horror flared so vividly--every grotesque detail condensed into one intense and devastating flash of recollection--that Junior's bladder suddenly felt swollen and full, although he had taken a long satisfying leak in an alleyway across the street from the restaurant at which the postcard-painting poseur had enjoyed a leisurely dinner with Ichabod. She devoted half her work time to the neighbors-in-need route that Agnes had established and steadily expanded, the other half to her painting. She was in no rush to mount a new show; anyway, she didn't dare renew contact with the Greenbaum Gallery or with anyone at all from her past life, until the police found Enoch Cain. During the ten days since Joey's passing, a great many people had conveyed their condolences to Agnes, but until this man, she'd known all of them. "No, no. But being around him so much, inevitably I absorb some details. He's a compelling speaker when the subject interests him." Edom, who had never made it big, medium, or little, watched his sister blur before him. He strove to contain the shimmering hotness in his eyes. His love was not for magic, and his pride was not in any skill he possessed, for he possessed none worth noting. His love was for his good sister; she was his pride, too, and he felt that his small life had precious meaning as long as he was able to drive her on days like this, carry her pies, and occasionally make her smile. Other rooms were furnished as sparsely as those in a monastery. Indeed, the dining room contained nothing whatsoever. Having been an object of Thomas Vanadium's fixation, Junior felt fortunate to have survived. He shuddered. On mechanic, he again glanced meaningfully at Edom, who felt a response was expected. When he opened his mouth, he could think of nothing to say, except that at Sanriku, Japan, on June 15, 1896, a 110 foot-high wave, triggered by an undersea quake, killed 27,100 people, most while they were in prayer at a Shinto festival. Even to Edom, this seemed to be an inappropriate comment, so he said nothing. . On the other hand, killing a stranger like Bartholomew Prosser relieved stress better than sex did. Senseless murder was as relaxing to him as meditation without seed, and probably less dangerous. Six captain's chairs encircled the big round table, one for everybody, including Agnes, but only Paul and Barty stayed seated. Aftermath was not important. Only movement mattered. Just forget the busload of nuns smashed on the tracks, and stay with the onrushing train. Keep moving, looking forward, always forward. On the back of the watch case, however, were the incriminating words of a commemorative engraving: To Eenie/Love/Tammy Bean. Eventually, when he had gone through the entire directory, if he'd had no success, he would phone each red-checked listing and ask for Bartholomew. A few hundred calls, no doubt. Some would involve long-distance charges, but he could afford the toll. IN HIS FORD VAN filled with needlepoint and Sklent and Zedd, Junior Cain-Pinchbeck to the world-left the Bay Area by a back door. He took State Highway 24 to Walnut Creek, which might or might not have walnuts, but which offered a mountain and a state park named for the devil: Mount Diablo. State Highway 4 to Antioch brought him to a crossing of the river delta west of Bethel Island. Bethel, for those who had taken good advanced courses in vocabulary improvement, meant "sacred place." Agnes found this turn of events amazing, amusing, ironic--and a little sad. She would have dearly loved to teach the boy to read and write, to see his knowledge and competence slowly flower under her care. Although she fully supported Barty's exploration of his gifts, and although she was proud of his astounding achievements, she felt that his swift advancement was robbing her of some of the shared joy of his childhood, even though he remained in so many ways a child. During the past week, he had ferreted out what he could about the nurse. She was thirty, divorced, without kids, and lived alone. To celebrate, upon leaving the gallery, he went to the coffee shop in the Fairmont Hotel, atop Nob Hill, determined to have a beer and a cheeseburger. He had time to think of quite a few, because he drove five miles per hour below the posted speed limit. He couldn't risk being stopped for a traffic violation when Thomas Vanadium, the human stump, was dead and bundled in the back. The coin stopped turning across his knuckles and, as though with volition of its own, it slipped into the tight curve of his curled forefinger. With a snap of his thumb, he flipped the quarter into the air. Along the hall to his room. Fast and low through the doorframe. Wary of the closet door standing two inches ajar. He switched off the flashlight and stood solemnly for a moment, paying his respects to Seraphim. She had been so sweet, so innocent, so supple, so exquisitely proportioned. Champagne, then, and two shopping bags packed full of Armenian takeout. Sou beurek, mujadereh, chicken-and-rice biryani, stuffed grape leaves, artichokes with lamb and rice, orouk, manti, and more. Following a Baptist grace (said by Grace), Wally and the three White women, a fourth present in spirit, sat around the Formica-topped table, feasting, laughing, talking about art and healing and baby care and the past and tomorrow, while up on Nob Hill, Neddy Gnathic sat tuxedoed at a lacquered black piano, sprinkling diamond-bright notes through an elegant room. The physician saw the look and understood it. A blush pinked his long, pale face. "Celestina, you're quite beautiful, and I'm sure you've learned to be wary of men, but I swear that my intentions are entirely honorable." If the directory proved to be of no help, Junior would proceed next to the registry office at the county courthouse, to review the records of births going back to the turn of the century if necessary. Bartholomew, of course, might not have been born in the county, might have moved here as a child or an adult. If he owned property, he'd show up on the register of deeds. Whether a landowner or not, if he did his civic duty every two years, he would appear on the voter rolls. "Seems like," Vanadium

agreed. "So a man like Cain obsesses on one thing after another-sex, money, food, power, drugs, alcohol, anything that seems to give meaning to his days, but that requires no real self-discovery or self-sacrifice. Briefly, he feels complete. However, there's no substance to what he's filled himself with, so it soon evaporates, and then he's empty again." Behind them, two shots roared, and Paul knew that the reverend was no longer of this world.. "It's a miracle both of you didn't go through that railing," the attorney agreed.. The possibility that he'd left a clear fingerprint on the watch crystal had to be judged remote. And the band had been too textured to take a print useful to the police.. Following little Bartholomew's murder, however, people might remember the man who had been asking after the mother, Celestina. Junior wasn't just any man, either; irresistibly handsome, he left an indelible impression on people, especially on women. Inevitably, the cops would be knocking on his door, sooner or later.. The police. The stupid police. Ringing the bell when they knew he'd been shot. Ringing the damn doorbell when he lay here helpless, the Industrial Woman lurching toward him, his toe on the other side of the kitchen, ringing the doorbell when he was losing enough blood to give transfusions to an entire ward of wounded hemophiliacs. The stupid bastards were probably expecting him to serve tea and a plate of butter cookies, little paper doilies between each cup and saucer.. Anyway, traumatic as it had been, the shooting was not the worst thing that happened to him that year.. He remembered standing in the cemetery, downhill from Seraphim's grave-although at the time he'd known only that it was a Negro being buried, not that it was his former lover-and thinking that the rains would over time carry the juices of the decomposing Negro corpse into the lower grave that contained Naomi's remains. Had that been a half-psychic moment on his part, a dim awareness that another and far more dangerous connection between dead Naomi and dead Seraphim had already been formed?. Junior levered up, scrambled up, vaulted over, and crashed into the deep bin, with every intention of landing on his feet. But he overshot, slammed his shoulder into the back wall of the container, fell to his knees, and sprawled facedown in the trash.. He briefly closed his hand around the three coins, then with a snap of his wrist, flung them at Nolly, who flinched. But either the coins were never flung or they vanished in midair-and his hand was empty.. "My God," Junior said, pretending that his befuddlement had faded and that his mind had just now clarified, "you think Naomi was murdered, don't you?". In the morning, at breakfast, from this calmer perspective, he looked back at his tantrum in the middle of the night and wondered if he might be in psychological trouble. He decided not. In November and December, Junior studied arcane texts on the supernatural, went through new women at a pace prodigious even for him, found three Bartholomews, and finished ten needlepoint pillows.. In spite of the thousands of hours that Paul was afoot, he seldom thought about why he walked. He met people along the way who asked, and he had answers for them, but he never knew if any answer might be the truth.. In spite of the bravado of the responses in Junior's unspoken half of the conversation, he was increasingly unnerved by Vanadium. The cop was a lunatic, all right, but he was something more than a mere nut case.
