He was uncomfortable, achy, thirsty, but he remained utterly still and observant. After a while, he realized that the sense of oppression with which he'd awakened was not entirely a psychological symptom: Something heavy lay across his abdomen. And it was cold-so cold, in fact, that it had numbed his middle to the extent that he hadn't immediately felt the chill of it. Shivers coursed through him. He clenched his jaws to prevent his teeth from chattering and thereby alerting the man in the chair. Although he never took his eyes off the comer, Junior became preoccupied with trying to puzzle out what was draped across his midsection. The mysterious observer made him sufficiently nervous that he couldn't order his thoughts as well as usual, and the effort to prevent the shivers from shaking a sound out of him only further interfered with his ability to reason. The longer that he was unable to identify the frigid object, the more alarmed he became. He almost cried out when into his mind oozed an image of Naomi's dead body, now past the whitest shade of pale, as gray as the faint light at the window and turning pale green in a few places, and cold, all the heat of life gone from her flesh, which was not yet simmering with any of the heat of decomposition that would soon enliven it again.."Why should I be afraid of a stumbling blind boy?" asked Junior again. But this time the words issued from him in a different tone of voice, because suddenly he sensed something knowing in this boy's attitude, if not in his manufactured eyes, a quality similar to what the girl exhibited..He was wrong about this. On the final Friday of every month, in sunshine and in rain, Junior routinely took a walking tour of the six galleries that were his very favorites, browsing leisurely in each and chatting up the galeriesurs, with a one-o'clock break for lunch at the St. Francis Hotel. This was a tradition with him, and invariably at the end of each such day, he felt wonderfully cozy..No. Not exactly then. Not at the sight of the coin or the detective. He had felt this way at Vanadium's mention of the name that he, Junior, had supposedly spoken in his nightmare.."I sure think so. I think she's everything. I tell her she's the moon and stars. I'm probably spoiling her rotten..".Then the police in Spruce Hills would want to know why he had been screwing around with an underage Negro girl if his marriage to Naomi had been as perfect, as fulfilling, as he claimed. Unfair as it seems, there is no statute of limitations on murder. Closed files can be dusted off and opened again; investigations can be resumed. And although authorities would have little or no hope of convicting him of murder on whatever meager evidence they could dig up, he would be forced to spend another significant portion of his fortune on attorney fees..In the kitchen, Barty sat at the table, and Paul's heart pinched at the sight of the boy in padded eyepatches..ISBN 0-15-100561-3 I. Fantasy fiction, American, [I. Fantasy. 2. Short stories.] I. Title..The moon shimmered, and the stars blurred-but only briefly, for her devotion to this boy was a fiery furnace that tempered the steel of her spine and brought a drying heat to her eyes. Without Franklin Chan's full approval but with his complete understanding, Agnes took Barty home. On Monday, they would return to Hoag Hospital, where Barty would receive surgery on Tuesday..No hesitation preceded Grace's response. "That's very generous of you, Paul. And I, for one, accept. Is this the house where you lived with your Perri?".Junior's body betrayed him as before, and also in new ways that terrified and humiliated him, involving every bodily fluid except cerebrospinal. For a while, inside that rocking ambulance, he wished that he were in a gondola upon the waters of the Styx, his misery at an end..He left by the back door, to avoid the aftermath seeping across the foyer floor. Fog enveloped him, cool and refreshing..He didn't bother to press Vanadium's hand around the weapon. There wasn't going to be a wealth of evidence for the Scientific Investigation Division to sift through, anyway, when the fire was finally put out: just enough charred clues to allow them an easy conclusion.."May 14, 1845, in Canton, China, a theater fire killed sixteen hundred seventy. On December 8, 1863, a fire in the Church of La Compana, in Santiago, Chile, left two thousand five hundred and one dead. One hundred fifty perished in a fire at a Paris charity bazaar: May 4, 1897. June 30, 1900, a dock fire in Hoboken, New Jersey, killed three hundred twenty-six. . .".Angel, on the window seat, wore nothing but white. White sneakers and socks. White pants. White T-shirt. Two white bows in her hair..Sitting in the client's chair, across the cigarette-scarred desk from Nolly, Junior heard or imagined that he heard the scurry of tiny rodent feet behind him, and something chewing on paper inside a pair of rust spotted filing cabinets. Repeatedly, he wiped at the back of his neck or reached down to rub a hand over his ankles, convinced that insects were crawling on him..Between the one-line description of the baklava and the menu's more effusive words about the walnut mamouls, the suspense became too much, the doubt too insidious, at which point Celestina looked up and said, with more girlish angst in her voice than she had planned "Maybe this isn't the place, maybe it isn't the time, or maybe it's the time but not the place, or the place but not the time, or maybe the time and the place are right but the weather's wrong, I don't know--Oh..Celestina met them at the front door and flung her arms around Wally. He let go of his cane-Tom caught it-and returned her embrace with such ardor, kissed her so hard, that evidently residual weakness was no longer a problem..Junior realized that thick drool oozed out of the right comer of his mouth. Shakily, he raised one hand to wipe his face..He nodded. "You do. Yes. But you don't need to know right now. Later, when you're calmer, when you're clearer. It's too important to rush you through it now..".As she tucked the bedclothes around him again, she said, "Barty, I don't think you should let anyone else see how you can walk in the rain without getting wet. Not Edom and Jacob. Not anyone at all. And anything else special that you discover you can do ... we should keep it a secret between you and me..".Twice would indicate a dangerous mania. Three times would be indefensible. But once was healthy experimentation. A learning experience.."But what made you choose that life? You must have committed to the seminary awfully young..".The popeyed little toad smirked over there on the far side of his pretentious desk..Besides, he didn't want the police in San Francisco to know that he'd been suspected, by at least one of their kind, of having killed his wife in Oregon. What if one of the locals was curious enough to request a copy of the case file on Naomi's death, and what if in that file, Vanadium had made reference to Junior waking from a nightmare, fearfully repeating Bartholomew? And then what if Junior eventually located the right Bartholomew and eliminated the little bastard, and then what if the local cop who'd read the case file connected one Bartholomew to the other and started asking questions? Admittedly, that was a stretch. Nevertheless, he hoped to fade from the SFPD's awareness as soon as possible and live henceforth beyond their ken..ON THE FOLLOWING Tuesday afternoon in Bright Beach, across a sky as black as a witch's cauldron, seagulls flew out of an evil brew toward their safe roosts, and on the land below, humid shadows of the..When he returned to the kitchen to add ice and sherry to his glass,he looked up White, Celestina in the San Francisco phone directory. Her number was listed; her address was not..Maybes were for babies, but Caesar Zedd had failed to provide a profundity with which Junior could ward off the what-ifs as easily as the maybes..Maria Elena Gonzalez-no longer a seamstress in a dry-cleaners, but proprietor of Elena's Fashions, a small dress shop one block off the town square-joined Agnes, Barty, Edom, and Jacob on Christmas."Your mind is as

fascinating as ever," he said. "Your soul as beautiful. Listen, Per, since we were thirteen, I was never primarily interested in your body. You flatter yourself shamelessly if you think it was all that special even before the polio." Because his pinching fingers deformed the shape of her mouth, her voice was compressed: "I see all the ways you are." In the top drawer, in addition to the expected items, Tom Vanadium found a gallery brochure for an art exhibition. In the hooded flashlight beam, the name Celestina White seemed to flare off the glossy paper as though printed in reflective ink. She could have used the chair. Sitting, however, she wouldn't be able to see his face. He moved the shaker across the tablecloth, rocking it back and forth to convey that he was strolling without a care in the world. "There's nothing here for you," she said, stepping back from the door in order to close it. He did not look at the battered face. Dare to meet those shuttered eyes, and they might spring open, full of blood and fix him with a crucifying stare. She held his face in both hands and kissed each of his beautiful jewel eyes. "You ready?". Sunday, Junior hid out from Scamp, using his Ansaphone to screen her calls, and worked with such astonishing focus on his needlepoint pillows that he forgot to go to bed that night. He fell asleep over his needles at ten o'clock Monday morning. "Wrong about what, sugarpie smooch--smooch?" Celestina asked as Wally pulled to the curb again and parked. He snatched up the wine list before she could look at it. "If you're paying, then I'm ordering whatever costs the most, regardless of what it tastes like." Maria's belief in the efficacy of this ritual was not as strong as her faith in the Church, but nearly so. As she leaned over the votive glass, watching the final fragment dissolve into ashes, she felt a terrible weight lifting from her. If Junior was not discreet, and if gossip about the widower Cain and the sexy nurse began to circulate, Vanadium would be on the case again even if it had been closed. The cop was sick, hateful, driven by unknowable inner demons. Although he might for the moment have been reined in by those in higher office, mere gossip of a spicy nature would be excuse enough for him to open the file again, which he'd surely do without informing his superiors. He felt some guilt at this-but only a little. His sister had done much for him; but jobless, ruled by his obsessions, hobbled by too much of his father's dour nature, there wasn't a lot that he could do for her. Just this benign deceit with the cards. Edom drove, happy to assist Agnes. He was happier still that he didn't have to make the pie deliveries alone. Curiously, reciting these facts usually calmed him, as though speaking of disaster would ward it off. Since Friday, however, he had found no comfort in his usual routines. She walked the corridor until she came to a room with empty beds. Without turning on the lights, she entered, put down the suitcase, and sat in a chair by the window. When he judged that he was near the porch steps, he probed with his cane. Two paces later, the tip rapped the lowest step. He was surprised they had come so soon, less than twenty-four hours after the tragedy. This was especially unusual, considering that a homicide detective was obsessed with the idea that rotting wood, alone, was not responsible for Naomi's death. "Tragic. Her string's been cut too soon. Her music's ended prematurely," Junior said, feeling confident enough to dish a serving of the maniac cop's half-baked theory of life back to him. "There's a discord in the universe now, Detective. No one can know how the vibrations of that discord will come to affect you, me, all of us." The papermaker withdrew a thick wad of hundred-dollar bills from his envelope and, squinting, inspected the currency in the flickering light. "I'm leaving now, but you wait until movie's over." He swallowed one capsule and washed it down with water. He returned the pharmacy bottle to the nightstand. Her voice as bright as her bed ensemble, spiritual sister to baby chicks everywhere, yellow Angel raised her head from the pillow and said, "Will you have a wedding?". On the nightstand stood a stainless-steel carafe beaded with condensation. Maria took the cap off the water carafe, and with a longhandled spoon, she scooped out a chip of ice. Cupping her left hand. Maria's face gathered into a frown, like a piece of brown cloth cinched by a series of whipstitches. "Six lessons." Drawn one after the other, two knaves of spades didn't signify two deadly enemies, but meant that the enemy already predicted by the first would be unusually powerful, exceptionally dangerous. Barty, didn't watch much television. He'd been up late enough to see Red Skelton only a few times, but that comedian always drew gales of laughter from him. Victoria lived on the northeast edge of Spruce Hills, where streets petered into country lanes. Here the houses tended to be more rustic, built on larger and less formally landscaped lots than those closer to the center of town, and set back farther from the street. This humble house wasn't where you expected to hear an elaborate custom doorbell-or even any doorbell at all, since knuckles on wood were the cheapest announcement of a visitor. "I'm not saying there's anything wrong with it, you understand," Neddy whispered with a sort of fierce conciliation, "but I'm not gay, and I'm not interested in teaching you the piano or anything else. Besides, after the stories Renee told about you, I can't imagine why you think any friend of his ... hers would get near you. You need help. Renee is what she is, but she's not a bad person, she's generous and she's sweet. She doesn't deserve to be beaten, abused, and ... and all those horrible things you did. Excuse me." He tucked his left arm tight against his side and threw himself against the door. The obstructing furniture was heavy, but it moved an inch. If it would give one inch, it would give two, so it wasn't immovable, and he was already as good as in there. By invoking the word emergency, Celestina was able quickly to reach her own physician in San Francisco. He agreed to treat Phimie and to have her admitted to St. Mary's upon her arrival from Oregon. "He was born yesterday, not today," Edom said glumly. "When the thousand-year quake hits, skyscrapers will pancake, bridges crumble, dams break. In three minutes, a million people will die between San Diego and Santa Barbara." Sitting on a stool at the counter, he ordered a cheeseburger, coleslaw, french fries, and a cherry Coke. He was so innocent. This sweet boy, this pure and stainless infant, couldn't possibly have an enemy in the world, and she could not imagine any son of hers earning enemies, not if she raised him well. This was just a silly card reading. The girl was creepy, no doubt about it, and Junior felt now precisely as he had felt on the night of Celestina's exhibition at the Greenbaum Gallery, when he had come out of the alleyway after disposing of Neddy Gnathic in the Dumpster and had checked his watch only to discover his bare wrist. He was missing something here, too, but it wasn't merely a Rolex, wasn't a thing at all, but an insight, a profound truth. With a prayer to the Holy Mother, Maria held one third of a knave of spades to the bright flame of the first candle. When it caught fire, she dropped the fragment into the votive glass, and as it was consumed, she said aloud, "For Peter," referring to the most prominent of the twelve apostles. Junior was stunned that the bitch had come back into his life, to ruin him, almost two years later. Zedd teaches that the present is just an instant between past and future, which really leaves us with only two choices-to live either in the past or the future; the past, being over and done with, has no consequences unless we insist on empowering it by not living entirely in the future. Junior strove always to live in the future, and he believed that he was successful in this striving, but obviously he hadn't yet learned to apply Zedd's wisdom to fullest effect, because the past kept getting at him. He fervently wished he hadn't simply broken up with Tammy Bean, but that he had strangled her instead, that he had strangled her and driven her corpse to Oregon and pushed her off a fire tower and bashed her with a pewter candlestick and sent her to the bottom of Quarry Lake with the gold Rolex stuffed in her mouth. The telephone

rang, putting an end to their chat, but Agnes would remember the substance of it later that year, on the day before Christmas, when Barty took a walk in the rain and changed forever his. Seven or eight years after Tehanu was published, I was asked to write a story set in Earthsea. A mere glimpse at the place told me that things had been happening there while I wasn't looking. It was high time to go back and find out what was going on now..For breakfast, he avoided sugar. He ate cold roast beef and drank milk laced with a double shot of brandy..A deep-set casement window. Two latches on the right side, one high, one low. Detachable hand crank lying on the foot-deep sill. Mechanism socket in the base casing.. "Go home. Sleep," he said. "You'll be no help to your sister if you wind up a patient here yourself..". Two soft-boiled eggs, one slice of bread neither toasted nor buttered, a glass of apple juice, and a dish of orange. "Maybe it's not where the heart is," Wally corrected himself. "Maybe it's where the buffalo roam..". Murmuring on the edge of sleep, Barty spoke to his father in all the places where Joey still lived: "Good-night, Daddy..". Junior couldn't see the lights of the nearest other houses. Either those structures were screened by trees or the neighbors weren't home..She slammed it shut before he could stop her, whether he had intended to stop her or not, and she engaged the deadbolt lock..Clearly touched and intrigued, the magician nevertheless circled the offer in search of reasons to decline, before at last shaking his head sadly. "I doubt that I'm the caliber of person you're looking for, Mrs. Lampion. I wouldn't be entirely a credit to your project..". The three of them, gathered around her in the quick, held fast to her, as if Death couldn't take what they refused to release..Vanadium owned so few clothes that the two bags had sufficient capacity to accommodate half the contents of the closet and dresser..Instead, her father asked, "Is this emotion talking, Celie, or is this brain as much as heart?". Jabbing his forefinger at each of the remaining treats, Barty said, "Pie, pie..". Something was due to happen in this peculiar, extended, almost casual haunting under which he had suffered for more than two years, since finding the quarter in his cheeseburger. While all around him in the streets, people bustled in good cheer, Junior slouched along in a sour mood, temporarily having forgotten to look for the bright side..In the years since I began to write about Earthsea I've changed, of course, and so have the people who read the books. All times are changing times, but ours is one of massive, rapid moral and mental transformation. Archetypes turn into millstones, large simplicities get complicated, chaos becomes elegant, and what everybody knows is true turns out to be what some people used to think..Because his lacrimal glands and tear ducts were intact, Barty could cry with his plastic eyes. Consequently, it didn't seem all that much more incredible to be seeing with them..Edom marveled at Agnes's ability to rise above the past and to transcend so many years of torment. She was able to see the house as simple shelter, whereas to her brothers, it was-and always would be-the place in which their spirits had been shattered. Even living within sight of it would have been out of the question if they had been employed, with options..After tucking the flashlight under his belt, he grabbed the lip of the Dumpster with both hands. The metal was gritty, cold, and wet..By the time he reached the airport, located a private-charter company, chased up the owner through the night-security man, and arranged to be flown at once to Eugene, Oregon, aboard a twin-engine Cessna, the points of pain in his face had begun to throb..The restaurant wasn't fancy. A coffee shop. Aromatic bacon sizzling, eggs frying. The warm cinnamony smell of fresh pastries, the bracing scent of strong coffee. Clean, bright surroundings..I'll put you in a twilight sleep, you babbling cretin. Where'd you earn your medical degree, you nattering nitwit? Botswana? The Kingdom of Tonga?. Agnes thought crazily of their early dates and the first years of their marriage. They had occasionally gone to the drive-in, sitting close..To have the best chance of becoming a master mechanic, any young apprentice needs a mentor. The art of total card control cannot be learned entirely from books and experimentation..At the conclusion of the ceremony, he relinquished his secondhand sight. He would live in darkness until Easter of 1986, though every minute of the day was brightened by his wife..No doubt thinking about the land of the big bugs, into which she had pushed Enoch Cain, which was exactly what Barty had suddenly thought about, Angel said, "Honey, this is amazing, it's wonderful, but you've got to be careful..". He prepared his knives and guns. Blades and bullets. Fortune favors the bold, the self-improved, the self-evolved, the focused..Abruptly alert, sitting up on the edge of the bed, Celestina knew the caller could not be the comatose old woman, so she said angrily, "Who the hell is this?". knew Phimie died in childbirth, not an accident, and Max's instincts told him rape. I explained to your dad why Cain was the man. I wanted whatever information he might have. But I suppose ... sitting there, looking at my face, he decided that Cain is indeed sitting in the biggest hornet's nest ever, and he didn't want to put his daughter and granddaughter at greater risk than necessary."
